- **Your record will not be active in our database until you've made your final updates.**
-
- When you are ready to begin your updates, look for the name of your business/event in the column of your screen under *Listings* or *Events*. Click on the name of the item you want to edit. The Edit Listing column is broken down into a series of sections. Under each section items with a red asterisk (*) are required fields.
-
- **Tabs**
-
-
-
- Under the Edit Listing/Event tab:
-
- The Description portion is for the details about your listing. The Summary Shown in Search Results is a brief description for easy reading when searching for listings similar to yours. This is the space to make your listing attract casual browsers; the attention grabbing text.
-
- **Travelers have been putting a higher emphasis on going to places with a TripAdvisor displaying customer reviews.** You are able to activate this tool by clicking on the “Show TripAdvisor Reviews” box under the Image tab.
-
-
- Please note that a lot of information is contained under *AMENITIES* in the middle of the screen. Once you open the module, click “add/edit amenities” to gain access to these important areas such as directions to your facility or event, rates, number of rooms, services offered, etc.
